CONTACT

Online Gambling

Online casino company had spare budget to test new traffic sources. Started test campaign on Push.Farm to get first deposit conversions under \$20

Presale ICO

ICO Company is a hot topic recently. We subscribe users for ICO-news directly on the site of ICO/Bitcoin subjects. And send related news/ads to them.

Online Gaming

Push notifications is a new way to promote your online games. Just use game icon as a creative for notification and target click link to game landing page.

Dating & Chats

With push notifications we can reach only users who interested in special dating offer. It format can be look like a chat message with user profile photo.

Advantages

For our partners we provide follow main advantages:

Support 24/7

We pay attention to our client's support side. High quality support 24/7 is one of our main goals. Personal manager service also available.

Easy integration

We support OpenRTB S2S integration. Custom XML and JSON feeds are supported as well. 30 minutes: we get your endpoint - you get the first request from us.

Automatic optimization

We provide automatic performance optimizations based on past user activity data and smart targetings. You only run campaigns, we do the rest.

Accurate payments

Our Net30 has never been more than 30. We always pay on time in any way convenient for you. It's very important for us to be honest with our partners.

We are serving over 150 million impressions daily by 30+ countries

Top Countries	Million Impressions Daily	Avg eCPM\$
